Social skills and competences

Team spirit: I have worked as member of various teams since I was student when attending most of the activities involved by practical projects at the University; I continued building such experience as resident doctor at George Washington University Hospital, USA, and then as fellow at the same institution. I was invited as speaker at numerous conferences and seminars in the medical field.

I have a rich and fulfilling experience in leadership and management. Entrepreneurial spirit. I also have an extensive experience in medical business management as a result of managing my own company.
